

CLASSIC DAYS

FESTIVAL OF CULTURE & MOTORING-LIFESTYLE

Inscription & Regulations

The Classic and Motorfestival

5th until 7th of August 2022

**Dear participants,
dear friends of the Classic Days 2022,**

A planning for a new year begins and we finally invite you again to the CLASSIC DAYS and would like to give you the most important information about the event.

By now 14 events the CLASSIC DAYS have developed a character of their own and have achieved a noticeable resonance in the world of international motor sport and classic cars. The year 2022 marks Classic Days #15. Again we select the participants following an invitation mode. We always receive significantly more wishes to participate than grid capacity. The catering-fee is the equivalent for inscription and participation.

We ask visitors and participants to follow a stylish dress code – without duty.

You always discover enough peace and quietness and enough space to go in and out, but above all, you have an excellent opportunity for personal meetings and talks with friends. The informal character is important to us. You will meet friends – or you will also make friends.

The grid is limited furthermore to 120 vehicles for the RACING LEGENDS cars on the circuit so that those taking part can have even more fun in driving and for a longer time. The limit for the years built of the cars has been fixed to 1961. That is the year in which Graf [Count] Trips had his fatal deadly accident. Cars of a later year built can always take part upon invitation – it is worth asking.

Furthermore with the registration of the vehicles, vehicle passports for the Racing Legends, such as FIVA, FIA or papers HTPs are welcomed here. The MASTERPIECES is a Concours of Cultural History of the Automobile. The judging will be according to the strict rules of the jury.

The following will also be part of our gathering again: The unique mix of selected classics at the Concours, historical and current racing cars – with and without official approval for use on the road – on the closed-off demonstration track, the driver's paddock and, last but by no means least, the special exhibition displays and the huge meeting of classics.

And everywhere there will be an opportunity to have a picnic, to enjoy the classic cars and jazz music, and just to stroll around in suitable period clothing.

The Classic Days will select three major charity projects for 2022, to which proceeds from ticket sales will go: The "Düsseldorfer Kinderträume" foundation, the Carglass "Giving Back" foundation and the RTL Spendenmarathon.

Welcome!

Ladies and Gentlemen ... Start your engines!

The CLASSIC DAYS team

In order to ensure a suitable degree of variety among the field of participants we will have to make a choice from the applications that we receive. We hope that you will understand why we have to do this.

The event
